

## UPHOLSTERY FABRIC SPECIFICATION

DESIGN	VIBE	REPORT No.	A.C.T. 025
CONTENT	90% Australian worsted wool 10% nylon		
WIDTH	59" (150cm)	DATE	03/25/04
ROLL SIZE	66yds (60m)	WEIGHT	11 oz sq yd (351gsm)
PATTERN REPEAT	H 7½" (19cm) / V 10" (25.5cm)	RECOMMENDED CARE CODE	- S

Item	Test Method	Test Results
 Heavy Duty Upholstery	ASTM 3597 Wyzenbeek modified (#10 cotton duck) Report # 2003/1539	51,000
	California Bulletin 117 Section E Report # Govmark 2-47443-0	Compliance
	ASTM E 84 (unadhered method) ANSI 2.5, NFPA 255, UBC 42-1, UL 723 Report # Govmark 2-47443-1	Flame Spread Index 20 Smoke Developed Index 95 Class 1 or A
	IMO Resolution A 652 (16) Report # Canesis 03/2148	Cigarette Test – PASS Butane Flame Test – PASS
	AATCC 8 Colourfastness to Wet and Dry Crocking Report # 2003/1024	Dry Crocking 4-5 Wet Crocking 4-5
	AATCC 16H (40 hours) Colourfastness to Light Report # 2003/1024	4-5
	ASTM D3597-02 / D5034-95 Breaking Strength Grab Method Report # 2003 / 1024	Warp – 140lbf (622.5N) Weft – 114lbf (507.3N)
	ASTM D 3511 Brush Pill Report # AWTA 7-522550-MN	4-5
	ASTM D3597-02 / D434-95 Seam Slippage Report # 2003/1024	Warp – 26 lbs Weft - 30 lbs
<b>ENVIRONMENTAL INFORMATION SYSTEM</b>	<u>Raw Materials</u> - 90% rapidly renewable content <u>Production</u> - Metal free dyes - Energy : implementation of energy conservation measures - Water : implementation of water conservation measures <u>Human Health</u> - Wool absorbs prevalent indoor air contaminants therefore benefiting indoor air quality <u>Disposal</u> - Reusable, recyclable and 90% biodegradable (wool content) <u>Other</u> - Manufacturer is a member of Australian Greenhouse Challenge - Manufacturer operates an Environmental Management System - Manufacturer has Environmental Policy - Manufacturer has certified Quality Management System ISO 9001:2000
